Dear Unit-holder,

We are pleased to present you the following annual report for the ERSTE RESPONSIBLE BOND (CZK) jointly owned fund pursuant to the InvFG for the partial accounting year from 28 September 2020 to 31 March 2021.

As of the reporting date of 31 March 2021, ERSTE RESPONSIBLE BOND (CZK), a so-called feeder fund (§ 93 InvFG), had 100.03% of its assets invested in ERSTE RESPONSIBLE BOND (the so-called master fund). Details about ERSTE RESPONSIBLE BOND (CZK) can be found in the annual report for ERSTE RESPONSIBLE BOND as of 31 March 2021 at the website www.erste-am.at.

The aggregate charges are made up of the TER of the feeder and the TER of the master fund together. The aggregate charges amount to 0.76%.

Even as the COVID-19 pandemic spreads, we are not losing sight of our responsibility to manage the assets entrusted to our care in a manner that maintains our ability to act on the capital markets and that enables us to make the best possible allocation decisions.

Modern technology also allows us to meet these obligations in full via teleworking.

Development of the Fund

Development of the capital markets:

The capital markets were again driven in large part by the expansive interest rate and monetary policies enacted by central banks in response to the COVID-19 pandemic during the reporting period. Central banks and governments provided extensive support. Under these conditions, inflation increased much less than expected, and interest rates and yields are likely to remain very low. Commodity prices rose at the tail end of the year in anticipation of an economic recovery in 2021. GDP contracted substantially in the developed economies in 2020. Bond purchase programmes that include not only government bonds, quasi-sovereign issuers, and covered bonds but also corporate bonds from the Eurozone were continued without a set expiration date. Capital market yields remained at low levels during the reporting period while spreads on many bonds, especially corporate paper, widened considerably in the first quarter of 2020 but subsequently recovered. Despite the significant economic decline, bond default rates remained low. The key rate in the Eurozone remained at a very low level, and was even cut by a further 10 basis points. Demand from investors and central banks is still high, and many new issues are oversubscribed as a result. The supply of bonds in the period was somewhat higher than in the previous years. The segments of green bonds and social bonds gained further in importance and market breadth over the past year. In terms of shares, the reporting period saw a substantial slide in the first quarter and a subsequent recovery. Numerous market indices reached new highs. Nevertheless, performance was very mixed on the various stock exchanges. Sectors such as technology, renewable energy, and health care were among the winners while financial services providers and automakers were in the losing camp. On the political front, the Brexit agreement, outcome of the US presidential election, and a more united EU combined to provide predominantly positive signals for the capital markets.

Outlook:

We expect the key rate to remain unchanged in the Eurozone for the coming reporting period, and stronger economic growth after the pandemic is overcome. As the inflation rates in the Eurozone are still stuck beneath the ECB's target and because of the heterogeneous developments in the individual countries, there is little leeway for rising interest rates and yields. We also expect increased economic growth in the USA. The Fed has signalled that its key rate will remain unchanged for some time to come. Various geopolitical risks such as trade conflicts could bring uncertainty to the markets at any time. The USD should move sideways within technical ranges.

Investment grade corporate bonds remain more attractive at the current spread level, and the economic trend makes any significant increase in bond default rates unlikely. In terms of bond categories, sectors, and issuers, an active management approach is still being pursued that aims to make use of opportunities within sectors and relating to individual issuers both on the primary and secondary markets. The consideration of sustainable (ESG) criteria will increase in importance in the coming year, in part due to EU regulations.

ERSTE RESPONSIBLE BOND (CZK) is a CZK-denominated feeder fund of ERSTE RESPONSIBLE BOND, a bond fund that invests primarily in EUR-denominated investment grade bonds (minimum rating BBB-/Baa3). Sub-investment grade bonds and bonds with no official rating can be included to a limited extent. It focuses on OECD-domiciled bonds from industrial companies, financial services providers, covered bonds, government bonds, and bonds from quasi-governmental entities with an average overall portfolio rating of at least A-. The fund invests solely in issuers that facilitate socially and environmentally friendly production processes. ERSTE RESPONSIBLE BOND (CZK) meets its investment objectives by optimising the data collected for vetting purposes about the target organisation's sustainability performance. Active and dynamic fund management are a second source for the alpha. A five-stage investment process guarantees the optimisation of the ESG input data. This process includes the support of an advisory board for feedback from the individual stakeholders and collaboration with multiple ESG research agencies. An investment committee combines sustainability and financial know-how.

The interest rate duration was held from a bit more defensive to close to the overall market during the reporting period and ranged between 5.0 and 6.0 years. In regional terms, the portfolio focuses on issuers from France, Germany, Austria, the UK, and the Netherlands. Government bonds are slightly overweighted, with a higher focus on periphery countries such as Italy and on smaller Eurozone countries such as Latvia, Lithuania, Slovenia, and Malta. Corporate bonds were overweighted in the fund portfolio throughout the reporting period. Bonds from quasi-government issuers, agencies, and supranational issuers were overweighted versus covered bonds. Spreads on corporate bonds narrowed overall during the reporting period after having experienced massive widening in the course of the coronavirus pandemic. The fund's performance was initially positive during the reporting period, but higher yields in the first quarter of 2021 led to a correction in the performance. Risk indicators such as tracking error remained well within the specified ranges and did not deviate substantially from the benchmark for the overall market despite the sustainable universe. The overall structure of the fund was only adapted slightly during the reporting period. A large share of the purchases were made in newly issued bonds.

Derivative financial instruments:

ERSTE RESPONSIBLE BOND (CZK) used Bund futures contracts through the master fund to manage the duration and yield curve positioning during the reporting period.

The fund generated a negative performance of 1.07% (AT0000A2J447) for the partial accounting year.

Method of Calculating the Global Exposure

Method of calculating the global exposure:	Commitment approach
Reference assets used:	–
Value at risk:	–
Lowest value:	–
Average value:	–
Highest value:	–
Model used:	–
Leverage* when using the value-at-risk calculation method:	–
Leverage** according to § 4 of the 4 th Derivatives Risk Measurement and Reporting Regulation:	–

* Total nominal values of derivative instruments without taking into account offsetting and hedging (item 8.5. Schedule B InvFG 2011).

** Total derivative risk taking offsetting and hedging into account = total of the equivalent values of the underlying assets as a percentage of the fund assets.

Fund assets	107.3	100.00

Comparative Overview

Accounting year	Fund assets
2020/2021	107,320,795.00

General information about performance:

The performance of unit categories with no outstanding units at the end of the reporting period or no outstanding units during the reporting period is generally based on the dividend-adjusted performance of the overall fund. In these cases, the performance is not reported below.

When a unit category is issued during the reporting period, the performance and reinvestment are calculated from the point in time that the unit category is launched. Because of this and possible other fees and currency classes, the performance and reinvestment of this unit category differ from those of comparable unit categories.

The performance is determined assuming the reinvestment of all paid dividends and amounts at their nominal value on the day of disbursement.

Accounting year	Fund type	ISIN	Currency	Calculated value per unit	Dividend disbursement/ payment	Re-investment	Development in per cent
2020/2021	KESt-exempt non-dividend-bearing units	AT0000A2J439	CZK	98.93	-	-	-

Disbursement/Payment

The following disbursement or payment will be made for the accounting year from 28 September 2020 to 31 March 2021. The coupon-paying bank is obligated to withhold capital gains tax from this disbursement if the respective investor is not exempt from the payment of this tax.

The disbursement or payment will be effected on or after 1 June 2021 at

Erste Group Bank AG, Vienna,

and the respective bank managing the Unit-holder's securities account.

Fund type	ISIN	Currency	Dividend disbursement/ payment		KESt with option declaration	KESt w/o option declaration	Reinvestment

* Pursuant to the penultimate sentence of § 58 (2) of the Austrian Investment Fund Act, no capital gains tax will be paid.

Income Statement and Changes in Fund Assets

1. Value Development over the Accounting Year (Fund Performance)

Calculation according to the OeKB method per unit in the unit currency not accounting for a front-end surcharge

The performance of unit categories with no outstanding units at the end of the reporting period or no outstanding units during the reporting period is generally based on the dividend-adjusted performance of the overall fund. In these cases, the "performance", the "net earnings per unit", and the "total value including (notional) units gained through disbursement/payment" are not reported in the following.

When a unit category is issued during the reporting period, the performance is calculated from the point in time that the unit category is launched. Because of this and possible other fees and currency classes, the performance of this unit category differs from that of comparable unit categories.

AT0000A2J439 KES-exempt non-dividend-bearing units CZK	
Unit value on issue date (0.000 units)	100.00
Disbursement/payment	0.0000
Unit value at the end of the reporting period (0.000 units)	98.93
Total value including (notional) units gained through dividend disbursement/payment	-
Net earnings per unit	-
Value development of one unit in the period	-

AT0000A2J447 KES-exempt non-dividend-bearing units CZK	
Unit value on issue date (0.000 units)	100.00

The fund is not permitted to engage in repurchase agreements pursuant to Regulation (EU) No. 2015/2365 (Regulation on Transparency of Securities Financing Transactions and of Reuse). For this reason, repurchase agreements were not employed.

No total return swaps pursuant to Regulation (EU) 2015/2365 (Regulation on Transparency of Securities Financing Transactions and of Reuse) were concluded for the fund during the reporting period.

The fund is not permitted to engage in securities lending agreements pursuant to Regulation (EU) No. 2015/2365 (Regulation on Transparency of Securities Financing Transactions and of Reuse). For this reason, securities lending agreements were not employed.

Explanation on disclosure pursuant to Delegated Regulation (EU) No. 2016/2251 supplementing Regulation (EU) No. 648/2012 of the European Parliament and of the Council on OTC derivatives, central counterparties, and trade repositories with regard to regulatory technical standards for risk-mitigation techniques for OTC derivative contracts not cleared by a central counterparty:

All OTC derivatives are traded through Erste Group Bank AG.

In the event of negative derivatives exposure, collateral in the form of cash or bonds is pledged to Erste Group Bank AG in accordance with the contractually agreed threshold.

In the event of positive derivatives exposure, EUR-denominated government bonds from the Republic of Austria and/or the Federal Republic of Germany are pledged by Erste Group Bank AG to the fund in accordance with the contractually agreed threshold. A one-time discount of 4% is agreed with the counterparty for this collateral. Collateral that would require a higher discount pursuant to Annex II to Delegated Regulation (EU) No. 2016/2251 is not accepted.

Thereof remuneration for risk bearers with control functions*	1,410,947
Thereof remuneration for other risk bearers	7,776,396
Thereof remuneration for employees in the same income bracket as managers and risk bearers due to the amount of their total remuneration	0
Total remuneration for risk bearers	14,197,708

* Includes the Head of Compliance

Principles governing performance-based remuneration components

The Management Company has adopted remuneration principles to prevent possible conflicts of interest and to ensure compliance with the standard rules of conduct when awarding remuneration to relevant persons.

Fixed salary components make up a large enough share of the total remuneration of all employees of the Management Company that a variable remuneration policy can be applied on an individualised basis.

The total remuneration (fixed and variable components) is governed by the principle of balance and is linked to sustainability so that the acceptance of excessive risks is not rewarded. Therefore, the variable remuneration forms no more than a balanced portion of the total remuneration awarded to an employee.

The performance-based remuneration components serve the short-term and long-term interests of the Management Company and contribute to preventing risky behaviour. The performance-based remuneration components take into account individual performance as well as the profitability of the Management Company.

The size of the bonus pool is calculated based on the bonus potential that can be applied to the different employee categories. Bonus potential is a percentage of the fixed annual gross remuneration. The bonus potential can be no more than 100% of the fixed annual gross remuneration. The bonus pool is adjusted depending on the success of the Management Company. The personal bonus is linked to individual performance. The total of personal bonuses is limited by the size of the bonus pool after deduction of penalties.

The performance-based payments are capped at 100% of the annual gross remuneration for all employees, including the material risk bearers (according to the definition in the remuneration policy) and managing directors of the Management Company.

The remuneration system is made up of three components:

- 1) Fixed remuneration
- 2) Variable remuneration
- 3) Fringe benefits

The bonus potential is based on the fixed annual gross remuneration. The target agreements concluded with the employees contain qualitative and/or quantitative objectives. The payment of performance-based remuneration components is subject to a minimum profitability level for the Management Company and to performance targets.

Sixty per cent of the performance-based remuneration components are paid immediately; for employees who are involved directly in fund and portfolio management, 50% of this is paid immediately in cash and 50% is paid one year later in the form of non-cash instruments. The remaining 40% of the performance-based remuneration components are retained and paid out over a period of three years, with 50% of this also being paid in cash and 50% in the form of non-cash instruments for employees who are involved directly in fund and portfolio management. The non-cash instruments can consist of units in an investment fund that is administered by the Management Company, equivalent holdings or instruments linked to units, or equivalent non-cash instruments. Based on the principle of proportionality, the Management Company has set a materiality threshold below which there is no incentive to enter into inappropriate risks, for which reason there is no need to make delayed payment or payment in the form of a non-cash instrument. Other non-cash benefits are fringe benefits that are not associated with performance but with a specific position (e.g. company car) or that apply for all employees (e.g. holiday).

The Supervisory Board of the Management Company has set up a Remuneration Committee to ensure that the remuneration policy and its application are independently assessed. This committee consists of the following persons: Rudolf Sagmeister, Harald Gasser (remuneration expert), and Heinrich Hubert Reiner.

The complete remuneration policy of the Management Company can be viewed at http://www.erste-am.at/de/private_anleger/wer-sind-wir/investmentprozess.

The last audit of compliance with the requirements of the remuneration policy by the Supervisory Board on 27 March 2020 revealed no deviations. There were also no material findings during the last audit by the Internal Auditing department.

No material changes were made to the remuneration policy during the past accounting year.

Audit Report*

Statement on the annual report

Audit opinion

We have audited the annual report prepared by Erste Asset Management GmbH, Vienna, for the fund under its management

ERSTE RESPONSIBLE BOND (CZK)
Jointly owned fund pursuant to the InvFG

consisting of the statement of assets and liabilities as of 31 March 2021, the income statement for the partial accounting year ending on this date, and the other information specified in Annex I Schedule B of the Austrian Investment Fund Act 2011 (InvFG 2011).

Based on the findings of our audit, we believe that the annual report satisfies the legal requirements and provides a true and fair view of the assets and financial position as of 31 March 2021 and of the earnings position of the fund for the partial accounting year ending on this date in accordance with Austrian commercial law and the provisions of the InvFG 2011.

Basis for the audit opinion

We conducted our audit in accordance with § 49 (5) InvFG 2011 and in accordance with the Austrian principles of good auditing. These principles require the application of the International Standards on Auditing (ISA). Our responsibilities under these regulations and standards are described in the section “Responsibilities of the auditor in auditing the annual report” of our audit report. We are independent from the company as specified by the Austrian commercial and industry regulations and fulfilled our other professional obligations in accordance with these requirements. We feel that the audit evidence that we obtained up to the date of the audit certificate is sufficient and suitable to serve as a basis for our audit opinion as of that date.

Other information

The legal representatives are responsible for the other information. The other information includes all information in the annual report except for the statement of assets and liabilities, the income statement, the other information specified in Annex I Schedule B of the InvFG 2011, and the audit report.

Our audit opinion does not cover this other information, and we provide no assurance whatsoever for this other information.

In the context of our review of the annual report, we are responsible for reading this other information and assessing whether the other information contains material inconsistencies with the annual report or with the information gathered by us during our audit, or appears to contain other manners of material misstatements.

Should we come to the conclusion on the basis of the work completed with the other information received before the date of the audit report that this other information contains a material misstatement, we are required to report about this fact. We have nothing to report in this regard.

Management and supervisory board responsibilities relating to the annual report

The legal representatives are responsible for preparing the annual report and for ensuring that this report provides a true and fair view of the assets and financial and earnings position of the fund in accordance with Austrian commercial law and the provisions of the InvFG 2011. The legal representatives are also responsible for implementing the internal controls that they deem necessary to facilitate the preparation of an annual report that is free from material misstatements due to error or fraud.

The supervisory board is responsible for monitoring the accounting process of the company as it applies to the fund under its management.

Responsibilities of the auditor in auditing the annual report

Our goals are to ascertain with sufficient certainty whether the annual report contains material misstatements due to error or fraud and to issue an audit certificate that includes our audit opinion. Sufficient certainty is a high degree of certainty but no guarantee that an audit conducted in accordance with the Austrian standards on good auditing, which require the application of the ISA, will always discover material misstatements that may be present. Misstatements can result from fraud or errors and are considered to be material when it can be reasonably expected that individual misstatements or a combination of misstatements can influence economic decisions made by readers on the basis of this annual report.

As part of an audit conducted in accordance with the Austrian standards on good auditing, which require the application of the ISA, we exercise professional judgement and maintain professional scepticism during the entire audit process.

In addition:

- We identify and assess the risks of material misstatements in the annual report due to error or fraud, plan audit steps in response to these risks, perform the planned audit steps, and collect audit evidence that is sufficient and suitable to form a basis for our audit opinion. The risk that a material misstatement resulting from fraud will remain undiscovered is greater than for misstatements resulting from error because fraudulent activity can include collusion, the falsification of documents, intentional incomplete or misleading representations, and the circumvention of internal controls.
- We familiarise ourselves with the internal control systems that are relevant for the audit to plan audit steps that are appropriate under the specific circumstances, but not so as to state an opinion on the effectiveness of the company's internal control system.

ERSTE RESPONSIBLE BOND (CZK)

- We assess the appropriateness of the accounting methods applied by the legal representatives and the reasonableness of the estimates made by the legal representatives in the accounts and of the associated information.
- We assess the overall presentation, the structure, and the content of the annual report including the figures as well as whether the annual report depicts the underlying transactions and events in a manner that provides a true and fair view.
- We discuss the planned scope and scheduling of the audit and any material audit findings, including material defects that we discover in the internal control system during our audit, with the supervisory board, among other issues.

Fund Rules

The Fund Rules for ERSTE RESPONSIBLE BOND (CZK), jointly owned fund pursuant to the Austrian Investment Fund Act (Investmentfondsgesetz; InvFG) 2011 as amended, were approved by the Austrian Financial Market Authority (FMA).

The Fund is a feeder of the master fund ERSTE RESPONSIBLE BOND and is an undertaking for collective investment in transferable securities (UCITS). ERSTE RESPONSIBLE BOND (CZK) and ERSTE RESPONSIBLE BOND are managed by Erste Asset Management GmbH (the "Management Company" in the following), which has its registered office in Vienna.

Article 1 Fund Units

The joint ownership of the fund assets is evidenced by certificates having the characteristics of a bearer unit.

The unit certificates are depicted in separate global certificates for each unit category. For this reason, individual unit certificates cannot be issued.

Article 2 Depositary Bank (Depositary)

The depositary bank (depositary) appointed for the Fund is Erste Group Bank AG, Vienna.

The payment offices for unit certificates are the depositary bank (depositary) and any other payment offices named in the prospectus.

Article 3 Investment Instruments and Principles

The following assets may be selected for the Fund in accordance with the InvFG.

The Fund invests at least 85% of its assets in units of ERSTE RESPONSIBLE BOND (the master fund) on a permanent basis.

The fund assets are invested in the following instruments in accordance with the investment focus described above.

a) Transferable securities

Does not apply.

b) Money market instruments

Does not apply.

c) Transferable securities and money market instruments

Does not apply.

d) Units in investment funds

The Fund invests at least 85% of its assets in units of ERSTE RESPONSIBLE BOND (the master fund) on a permanent basis.

e) Derivative financial instruments

Derivative financial instruments may only be used for hedging purposes and may comprise up to 15% of the fund assets.

f) Risk measurement method(s) of the Fund

The Fund applies the following risk measurement methods: commitment approach

The commitment value is determined according to § 3 of the 4th FMA Regulation on Risk Calculation and Reporting of Derivative Instruments (4. Derivate-Risikoberechnungs- und MeldeV) as amended.

Details about the calculation of the global exposure of the Fund in connection with derivative financial instruments based on a combination of the own direct risk and the risk of the master fund in relation to the Fund's holding of units in the master fund can be found in the fund prospectus.

g) Demand deposits or deposits with the right to be withdrawn

Demand deposits and deposits with the right to be withdrawn with a maximum term of 12 months may comprise up to 15% of the fund assets.

There are no minimum bank balance requirements.

h) Acceptance of short-term loans

The Management Company may accept short-term loans for the account of the Fund up to an amount of 10% of the total fund assets.

i) Repurchase agreements

Does not apply.

j) Securities lending

Does not apply.

Investment instruments may only be purchased for the entire Fund and not for individual unit categories or groups of unit categories.

This does not apply to currency hedging transactions, however. Such transactions can also be concluded solely for a single unit category. Expenses and income resulting from currency hedging transactions shall be allocated solely to the respective unit category.

Article 4 Issue and Redemption Procedure

The unit value shall be calculated in the currency of the respective unit category.

Issue of units and front-end surcharge

The issue price will be calculated and units issued on each Austrian exchange trading day with the exception of bank holidays.

The issue price shall be made up of the unit value plus a surcharge per unit amounting to up to 3.50% to cover the costs incurred by the Management Company in issuing the unit, rounded up to the next equivalent sub-unit of the currency unit specified for the respective unit category in the prospectus.

The Management Company shall be entitled to apply a sliding front-end surcharge scale at its own discretion.

There is no limit on the issue of units in principle. However, the Management Company reserves the right to temporarily or permanently suspend the issue of unit certificates.

Redemption of units and back-end commission

The redemption price will be calculated and units redeemed on each Austrian exchange trading day with the exception of bank holidays.

The redemption price is the unit value rounded down to the next equivalent sub-unit of the currency unit specified for the respective unit category in the prospectus. No back-end commission will be charged.

Upon request by the Unit-holder, his units shall be redeemed at the current redemption price in return for the unit certificate.

Article 5 Accounting Year

The accounting year of the Fund is from 1 April to 31 March.

Article 6

Unit Categories and Use of Earnings

The Fund features three different unit categories and the corresponding certificates: dividend-bearing units, non-dividend-bearing units with capital gains tax payment, and non-dividend-bearing units without capital gains tax payment, with certificates being issued for one unit each and also for fractional units.

Various unit categories may be issued for this Fund. The creation of unit categories and the issue of units of a specific category shall be decided at the discretion of the Management Company.

Use of earnings for dividend-bearing units

The earnings generated during the accounting year (interest and dividends) less all costs can be distributed as deemed appropriate by the Management Company. Dividend disbursement may be omitted in the interests of the Unit-holders. Dividends may also be disbursed at the discretion of the Management Company from earnings generated by the sale of fund assets, including subscription rights. Disbursements of fund assets and interim dividends may be paid.

The fund assets may in no case fall below the legally stipulated minimum volume for termination as a result of dividend disbursements.

The amounts shall be paid to the holders of dividend-bearing units on or after 1 June of the following accounting year. The remaining amount shall be carried forward.

An amount calculated in accordance with the InvFG must also be paid out on or after 1 June to cover the capital gains tax assessed by the tax authorities on the dividend-equivalent earnings from the fund units unless the Management Company provides suitable proof from the banks managing the corresponding securities accounts that the unit certificates can only be held by Unit-holders who are not subject to Austrian personal income tax or corporation tax or who meet the conditions for exemption from capital gains tax according to § 94 EStG at the time of payment.

Use of earnings for non-dividend-bearing units with capital gains tax payment (non-dividend-bearing units)

The earnings generated by the Fund during the accounting year less all costs will not be paid out. In the case of non-dividend-bearing units, an amount calculated in accordance with the InvFG must be paid out on or after 1 June to cover the capital gains tax assessed by the tax authorities on the dividend-equivalent earnings from the fund units unless the Management Company provides suitable proof from the banks managing the corresponding securities accounts that the unit certificates can only be held by Unit-holders who are not subject to Austrian personal income tax or corporation tax or who meet the conditions for exemption from capital gains tax according to § 94 EStG at the time of payment.

Use of earnings for non-dividend-bearing units without capital gains tax payment (KESt-exempt non-dividend-bearing units)

The earnings generated by the Fund during the accounting year less all costs will not be paid out. No payment pursuant to the InvFG will be made. The reference date for the exemption from KESt payment for the profit for the year for the purposes of the InvFG shall be 1 June of the following accounting year.

The Management Company shall provide suitable proof from the banks managing the corresponding securities accounts that the unit certificates could only be held by Unit-holders who are not subject to Austrian personal income tax or corporation tax or who met the conditions for exemption from capital gains tax according to § 94 of the Austrian Income Tax Act (Einkommensteuergesetz) at the time of payment.

If these requirements are not met at the time of payment, the amount calculated pursuant to the InvFG must be paid out by the credit institution managing the respective securities account.

Article 7

Management Fee, Compensation for Expenses, Liquidation Fee

The Management Company shall receive an annual fee for its administrative activities amounting to up to 0.60% of the fund assets as calculated and accrued on the basis of the daily fund volume. The fee will be charged to the fund assets once per month.

The Management Company shall be entitled to compensation for all expenses incurred in the administration of the Fund.

The Management Company shall be entitled to apply a sliding management fee scale at its own discretion.

The costs for the introduction of new unit categories for existing investment funds shall be assessed against the unit price of the new unit categories.

Upon liquidation of the Fund, the party processing the liquidation shall receive a fee in the amount of 0.5% of the fund assets.

Further information and details about this Fund can be found in the prospectus.

Annex to the Fund Rules

List of exchanges with official trading and organised markets (As of September 2018)

1. Exchanges with official trading and organised markets in the Member States of the EEA as well as exchanges in European countries outside of the EEA considered to be equivalent to regulated markets

Every Member State must maintain a current list of the authorised markets within its territory. This list must be submitted to the other Member States and the Commission.

According to this provision, the Commission is required to publish a list of the regulated markets registered with it by the Member States once per year.

Because of lower entry barriers and specialisation in different trading segments, the list of “regulated markets” is subject to significant changes. For this reason, the Commission will publish an up-to-date version of the list on its official website in addition to the annual publication of a list in the Official Journal of the European Union.

1.1. The currently valid list of regulated markets can be found at

https://registers.esma.europa.eu/publication/searchRegister?core=esma_registers_upreg *

1.2. The following exchanges are included in the list of regulated markets:

- | | | |
|--------|--------------|--------------------------------------|
| 1.2.1. | Luxembourg: | Euro MTF Luxembourg |
| 1.2.2. | Switzerland: | SIX Swiss Exchange AG, BX Swiss AG** |

1.3. Recognised markets in the EEA according to § 67 (2) 2 InvFG:

Markets in the EEA that have been classified as recognised markets by the competent supervisory authorities.

2. Exchanges in European countries outside of the EEA

- | | | |
|------|-------------------------|---|
| 2.1. | Bosnia and Herzegovina: | Sarajevo, Banja Luka |
| 2.2. | Montenegro: | Podgorica |
| 2.3. | Russia: | Moscow (RTS Stock Exchange)
Moscow Interbank Currency Exchange (MICEX) |
| 2.4. | Serbia: | Belgrade |
| 2.5. | Turkey: | Istanbul (only “National Market” on the stock market) |

3. Exchanges in non-European countries

- | | | |
|-------|-----------------------|--|
| 3.1. | Australia: | Sydney, Hobart, Melbourne, Perth |
| 3.2. | Argentina: | Buenos Aires |
| 3.3. | Brazil: | Rio de Janeiro, Sao Paulo |
| 3.4. | Chile: | Santiago |
| 3.5. | China: | Shanghai Stock Exchange, Shenzhen Stock Exchange |
| 3.6. | Hong Kong: | Hong Kong Stock Exchange |
| 3.7. | India: | Mumbai |
| 3.8. | Indonesia: | Jakarta |
| 3.9. | Israel: | Tel Aviv |
| 3.10. | Japan: | Tokyo, Osaka, Nagoya, Kyoto, Fukuoka, Niigata, Sapporo, Hiroshima |
| 3.11. | Canada: | Toronto, Vancouver, Montreal |
| 3.12. | Colombia: | Bolsa de Valores de Colombia |
| 3.13. | Korea: | Korea Exchange (Seoul, Busan) |
| 3.14. | Malaysia: | Kuala Lumpur, Bursa Malaysia Berhad |
| 3.15. | Mexico: | Mexico City |
| 3.16. | New Zealand: | Wellington, Christchurch/Invercargill, Auckland |
| 3.17. | Peru: | Bolsa de Valores de Lima |
| 3.18. | Philippines: | Manila |
| 3.19. | Singapore: | Singapore Stock Exchange |
| 3.20. | South Africa: | Johannesburg |
| 3.21. | Taiwan: | Taipei |
| 3.22. | Thailand: | Bangkok |
| 3.23. | USA: | New York, NYCE American, New York Stock Exchange (NYSE), Philadelphia, Chicago, Boston, Cincinnati |
| 3.24. | Venezuela: | Caracas |
| 3.25. | United Arab Emirates: | Abu Dhabi Securities Exchange (ADX) |

4. Organised markets in countries outside of the European Community

4.1.	Japan:	over the counter market
4.2.	Canada:	over the counter market
4.3.	Korea:	over the counter market
4.4.	Switzerland:	over the counter market of the members of the International Capital Market Association (ICMA), Zurich
4.5.	USA:	over the counter market (under the supervision of an authority such as the SEC, FINRA, etc.)

5. Exchanges with futures and options markets

5.1.	Argentina:	Bolsa de Comercio de Buenos Aires
5.2.	Australia:	Australian Options Market, Australian Securities Exchange (ASX)
5.3.	Brazil:	Bolsa Brasileira de Futuros, Bolsa de Mercadorias & Futuros, Rio de Janeiro Stock Exchange, Sao Paulo Stock Exchange

5.5.	Japan:	Osaka Securities Exchange, Tokyo International Financial Futures Exchange, Tokyo Stock Exchange
5.6.	Canada:	Montreal Exchange, Toronto Futures Exchange
5.7.	Korea:	Korea Exchange (KRX)
5.8.	Mexico:	Mercado Mexicano de Derivados
5.9.	New Zealand:	New Zealand Futures & Options Exchange
5.10.	Philippines:	Manila International Futures Exchange
5.11.	Singapore:	The Singapore Exchange Limited (SGX)
5.12.	Slovakia:	RM System Slovakia
5.13.	South Africa:	Johannesburg Stock Exchange (JSE), South African Futures Exchange (SAFEX)
5.14.	Switzerland:	EUREX
5.15.	Turkey:	TurkDEX
5.16.	USA:	NYSE American, Chicago Board Options Exchange, Chicago Board of Trade, Chicago Mercantile Exchange, Comex, FINEX, ICE Futures US, Inc., New York, Nasdaq PHLX, New York Stock Exchange, Boston Options Exchange (BOX)

*) To open the list, select "Regulated market" under "Entity type" in the column on the left side of the page and then click "Search" (or "Show table columns" and "Update"). The link can be changed by the ESMA.

When the expected withdrawal of the United Kingdom of Great Britain and Northern Ireland (GB) from the EU takes effect, GB will lose its status as an EEA member state and, in turn, the exchanges/regulated markets located there will also lose their status as EEA exchanges/regulated markets. In this event, we hereby inform you that the following exchanges and regulated markets located in GB shall be considered exchanges or recognised regulated markets in a third country as defined by the InvFG 2011 and the UCITS Directive that are expressly designated in the Fund Rules: Cboe Europe Equities Regulated Market – Integrated Book Segment, London Metal Exchange, Cboe Europe Equities Regulated Market – Reference Price Book Segment, Cboe Europe Equities Regulated Market – Off-Book Segment, London Stock Exchange Regulated Market (derivatives), NEX Exchange Main Board (non-equity), London Stock Exchange Regulated Market, NEX Exchange Main Board (equity), Euronext London Regulated Market, ICE FUTURES EUROPE, ICE FUTURES EUROPE – AGRICULTURAL PRODUCTS DIVISION, ICE FUTURES EUROPE – FINANCIAL PRODUCTS DIVISION, ICE FUTURES EUROPE – EQUITY PRODUCTS DIVISION, and Gibraltar Stock Exchange.

**) In the event that Switzerland's stock market equivalence expires, SIX Swiss Exchange AG and BX Swiss AG are to be subsumed under item 2 "Exchanges in European countries outside of the EEA" until further notice.

Note regarding the data used

The sections Income Statement and Changes in Fund Assets, Statement of Assets and Liabilities and Details and Explanation of Tax Treatment in this annual report were prepared on the basis of data from the depositary bank for the Fund.

The data and information provided by the depositary bank were collected with the greatest possible care and were checked solely for plausibility.

Note for retail funds:
